Re: Umbrella Multicultural Community Care is on the Move

New building will offer more space and modern facilities for Umbrella's Award-winning programs.

Perth – Monday, 22 January 2018. One of Western Australia's leading aged care providers in diverse care, Umbrella Multicultural Community Care Services Inc. will relocate from Bedford to a spacious, modern refurbished building at **39 Abernethy Road, Belmont, WA 6104** by the end of April 2018.

Umbrella Inc. is a not-for-profit and charitable organisation, funded by the WA Home and Community Care (HACC) program and the Commonwealth Home Care Package program. For more than 17 years, Umbrella Inc. has delivered award-winning aged care services to seniors from culturally and linguistically diverse and gender diverse backgrounds, operating from the current Bedford office for the past 14 years. However, due to Umbrella's rapid expansion in clients, programs and staff, the current office space and venues are no longer adequate.

Anna Harrison, Umbrella's CEO said "Since we opened for business in Bedford in 2004, our team's hard work and the continuous support from our clients have helped us grow, and now we need more space to better serve our clients and communities."

Ms Harrison added "We have been looking for a new home for the past 12 months and I am very happy to announce that we have found a wonderful new home"

The new building will allow Umbrella to have its Award-winning programs under one roof and will offer community space and a drop- in centre for seniors and senior groups.   "Umbrella Inc. will continue to grow and offer the same high quality, innovative and friendly programs at our new home" said Ms Harrison.

The move to **39 Abernethy Road, Belmont** follows 12 months' of hard work to find a suitable location which can accommodate Umbrella's growing programs.
